

# GANGUMALLA BALA ESWAR SANDEEP

| P: +91 9553433678 | Angara, Andhra Pradesh, India. | [sandeepgangumalla@gmail.com](mailto:sandeepgangumalla@gmail.com) |

## SUMMARY

---

Motivated Computer Science Engineering student with strong problem-solving and analytical skills. Proficient in SQL Server, Excel, Python and Java with hands-on experience in academic projects. Quick learner with a passion for technology, seeking an opportunity to contribute and grow in the IT industry.

## EDUCATION

---

### Sathyabama Institute of Science and Technology

Bachelor of Engineering

Computer Science and Engineering

**Cumulative GPA: 8.5/10**

Chennai, Tamil Nadu

Sep2022 - 2026

### MPS junior college

Higher Secondary Education

**Percentage: 77.4%**

Maredubaka, Andhra Pradesh

Jun 2020 - Apr 2022

### Sree ramakrishna em school

Secondary School Education

**Percentage: 96%**

Angara, Andhra Pradesh

Jun 2019 - Mar 2020

## PROJECTS

---

### DeepFake Detection using Machine Learning

- **Developed a machine learning-based Deepfake Detection system** that classifies video frames using convolutional neural networks (CNNs). Employed **OpenCV** for frame extraction, **TensorFlow/Keras** for model training, and integrated a preprocessing pipeline for face detection and feature extraction to improve accuracy.

### Real-Time Calender Application using Angular

- **Developed a real-time calendar application using Angular**, enabling users to schedule, view, and manage events through an interactive UI. Integrated **RxJS** for reactive state management and **WebSocket** support for real-time updates, ensuring seamless synchronization across users

## SKILLS

---

**Technical Skills:** Java, SQL Server, Excel, Python

**Languages:** English, Telugu

## CERTIFICATIONS

---

- Machine Learning Bootcamp – Imarticus Learning
- Real-Time Calendar Application – Credo Systemz
